## FIRE IN FORTRESS

### THREATENED A HALIFAX FORT

Enormous Quantities of Naval Munitions Consumed By a Blaze in Fort Charlotte

Halifax, Oct. 28.—One of the strongest and oldest forts, which protect Halifax is Fort Charlotte on George's Island, its frowning embrasures facing seaward commanding the approaches. It is the centre of submarine mining operations which are carried on extensively in the surrounding waters. In the oil department store building fire broke out this morning and for two hours the flames licked the building devouring a great deal of valuable property and threatened the submarine mine building in which was a vast quantity of submarine supplies officially estimated as worth a quarter of a million. Had the wind been a few points more to the seaward this building could not have escaped but as things turned out it was perceptibly damaged. The main store building where the fire originated and where it burned itself out was completely destroyed. In this building which formerly was a barracks were located beside the oil department the general mechanical department, cook house and stores. The inflammable material furnished just the stuff for a rapid spreading and the flames licked their way along so quickly that in a few minutes they were rising in great red sheets. Several lots of powder blew up, but the magazine was some distance away underground and the tremendous disaster that would have followed its ignition and explosion was never more than a possibility. Had the magazine blown up the effect on Halifax would have been disastrous.

### ENORMOUS WHEAT CARGO

Montreal, Oct. 28.—The largest cargo ever shipped from this port is being carried by the steamship Nere which sails today. She holds 230,000 bushels of wheat consigned to the English market. It is the first time a big steamer has sailed with an entire cargo of wheat.

## STERN MEASURES

### TO QUELL RUSSIAN RIOTS

Troops Pouring Into the Capital—One Russian City in a State of Siege—Rioters Damage Battleships

St. Petersburg, Oct. 28.—The situation here is increasing in tension. No evening papers were printed yesterday. As a result of the strike a run on savings banks has started and a very nervous feeling prevails on the Bourse. All restaurants have raised the price of meals. The employees of the Siberian, Azoff and Donetski banks have struck. A state of siege has been proclaimed at Kharkoff. Owing to the strike at the power house the city is in darkness. Reinforcements to the troops here are pouring in to preserve order. The Yellow Cuirassiers, Hussars and Omsk regiments have arrived and 6000 more troops are coming by water. Several military trains forced their way here from Moscow, but otherwise the tie-up is complete. The battleship *Patriot* has been destroyed by incendiaries. The stores on the battleship *Cathartes* were also destroyed by incendiaries.

**THE MOSCOW STRIKE.**  
Moscow, Oct. 28.—All employees of the water works, gas works and street railways have struck. The Governor orders the troops to use ball cartridges. The strikers are smashing windows and stopping work in the factories.

**"ACT WITHOUT MERCY"**  
Lodz, Poland, Oct. 28.—The Government has ordered troops in the event of disturbance to act without mercy.

**"SHOOT EVERY AGITATOR"**  
Warsaw, Oct. 28.—The Governor-General has ordered officers to shoot every agitator.

**STRIKERS CAPTURE ARMS**  
Baku, Oct. 28.—The strikers have captured a carload of arms and 200 lbs. of dynamite.

**PORTUGAL'S AFRICAN WAR**  
Lisbon, Oct. 28.—A sanguinary battle occurred in Portuguese West Africa. The Portuguese lost 15 men and the natives lost 200.

## TAX RATES 16 MILLS

City Council Met in Regular Session—Total Assessment \$6,907,685.00

Mayor McKenzie, Aldermen May, Fraser, Griesbach and Picard were present at the regular meeting of the city council last evening.

The regular order of business was suspended and the following by-laws were read and passed: By-law No. 41, a by-law to provide for borrowing the sum of \$16,370.20 to pay the cost of certain local improvements made during the year 1904; No. 42 to provide for the borrowing of \$739.77 for the same purpose; No. 43 to provide for borrowing the sum of \$13,682.52, money required to meet a part of the cost of the construction of a portion of a general system of sewers as local improvements; No. 44, authorizing the levying and collecting of rates to meet the current expenses and other annual payments for the year.

The tax rate for the current year was struck being 16 mills in all made up as follows: Municipal rate 10 mills, debt rate 2 mills, school rate 4 mills.

The public and separate school rates are the same.

The assessment for general municipal purposes is \$6,253,565.00. Land lying north of Rat Creek is assessed for school purposes only, 354,186.00 in addition making a total taxable assessment of \$6,607,685.00.

The police were instructed to collect the poll tax which amounts to \$300 less ten per cent if paid before the 30th of November. All residents of the town whose names do not appear on the assessment roll for lands, business or income are liable for this tax.

## MORE SLANDER

The Calgary Herald is keeping up its campaign of slander. Lacking any other political stock in trade the Herald has proceeded during this campaign to make systematic attacks upon Liberals. Its latest effusion is against Duncan Marshall. The Herald begins by charging him with formerly being a member of and advocating the cause of the P.P.A. which is simply a plain falsehood. It goes on to connect his name with Sullivan, Pritchard and Lewis, men he never met or knew in his life.

The Herald's whole effusion is one conglomeration of cowardly falsehoods and insinuations which are without foundation in fact. Duncan Marshall has addressed meetings and taken part in elections in different parts of Ontario and has done so honorably but the condition of the Ben nettites is so desperate that any old kind of manufactured slander is their chief delight, and because the Herald thinks Mr. Marshall is a stranger in Alberta, it makes this cowardly attack. The Herald will be surprised to find how many friends he has here, people who have known him all his life and know the Herald rubbish to be a parcel of lies. This thing will recoil upon the Herald which promulgated it and the coward who inspired it but who was afraid to make the statement in Marshall's presence himself.

The C. N. R. rails were laid to Swan's on Thursday, about fifteen miles east of Fort Saskatchewan.

## ALBERTA COLLEGE

Large Attendance Last Evening at the Formal Opening of the New College Addition

The formal opening of the new wing of Alberta College last evening was the local educational event of the season and the large attendance testified to the deep sympathy of the citizens with the College and its work. The event was made the occasion of presenting the scholarships won by students last year and for holding the annual ceremonies in connection with the opening of the college year.

The spacious auditorium of McDougall church, where the program was rendered, was packed to the doors. In the absence of Chairman H. C. Taylor, of the college board, Rev. C. H. Hoagist presided. The opening exercises consisted of a familiar hymn and the repetition of Lord's Prayer in unison.

The program was: Opening address by the chairman; piano solo, Miss Crawford; address Rev. A. M. McDonald, duet, Mrs. Kerr and Miss McAmmond; presentation of scholarships; violin solo, Miss Webster; address, Rev. H. A. Gray; recitation, Miss McAmmond; address, Rev. John McDougall; piano solo, Mr. Percy Hook; with orchestral accompaniment; God Save the King.

At the conclusion of the program the audience adjourned to the College building, where an hour was pleasantly spent in social intercourse and looking over the newly completed addition. Refreshments were served in the basement of the building.

The scholarships in the commercial department were won by Mr. Ross Goodridge and Miss Ella Taylor. Scholarships were also won by Messrs. F. W. Cox, W. Bailey and J. Smith. The presentations were made by Principal Riddell and Rev. Dr. McDougall.

## STRATHCONA NOTES

Strathcona, Oct. 28.—Mr. Kieling, who has been with Mr. Schair's threshing outfit some miles out, has come to town, as they have finished their season's work.

Mr. Miller, of Streetsville, Ont., who has been visiting Contractor Congdon, has gone to Banff, to visit friends before returning home.

Contractor Congdon, has got his work at the brewery well under way. Mr. R. McKernan, proprietor of the Dominion Hotel, has just returned from Arica. He reports a good deal of threshing to be done yet and seems very plentiful. He brought with him one which weighs 21 1-2 lbs. which he clubbed on his return trip.

Mr. McDonald, of Nelson, B. C., is at the Royal. He has lived a great number of years in the Pacific Province and has been in many sections of that country, but, owing to the uncertainty of the mining town and the high price of good land, he has come to Northern Alberta to find a suitable place for farming. He purposes going up in the Peace River country at the earliest opportunity.

## STRATHCONA NEWS

Interesting Items from Edmonton's Sister Town

Strathcona, Oct. 26.—Mr. Bennett of Son about 45 miles from here, toward and near the Pembina River is in town for supplies for himself and neighbors. He has been in that locality about a year and is well pleased with the choice he has made.

The people of Strathcona who are not now served by the Electric Light Co. owing to the late break of the large engine are patient under the temporary "regime" of kerosene and wax-candles.

Chas. Cropley is engaged in sending up two loads of supplies to Waiter's camp.

R. H. Blow of South Mountain, Ont., is in town. He is an old acquaintance of Councillor Carmichael, with whom he is visiting.

The town is somewhat quiet today as it is being generally observed as a holiday by the merchants and tradesmen although there is no cessation of work on town sewers, elevator tank or Brackman-Ker cement elevator.

J. W. Miller of Streetsville, Ont., is registered at the Royal. He came in last night on the late train. He is a boyhood friend of Contractor Congdon of this town. He will make this place his headquarters while in the district.

Mr. Campbell, late book-keeper for P. Burnes & Co. here, has been transferred by the firm to their office in Edmonton.

Mr. Mulholland of Toronto, organizer of the Royal Templars of temperance, has just returned to town after making a careful prospecting tour north-west from here. He has taken up a homestead of fairly well timbered land not far from the Pembina River, where in the near future he proposes following agricultural pursuits.

Mr. MacKenzie an ex-employee of the Hudson Bay Co. is in town. He has travelled extensively in the Peace River and Slave Lake regions. He reports seeing valuable timber limits and salt mines, and shoals of fish in the waters of those parts. He says there is an abundance of good land where he saw potatoes, cabbage and other products growing in abundance and many small boats busily plying on the rivers and lakes and that this country only requires railway communication to develop it.

The Thanksgiving dinner given by the ladies in Ross Hall was a grand success. The hall was crowded to the doors and the good things provided speedily disappeared. The concert given in the hall after the supper was also a great success and reflects great credit on those who took part.

A Union Thanksgiving service was held here at 11 a.m. in the Baptist church at which the Rev. Dr. McDonald preached. The Revs. Flemming, Johnston, and the Pastor of the church, also took part in the services. A Union choir rendered many suitable hymns.

The sewer and water mains are being pushed along Royal avenue, Main street and McDonald avenue east, nearly to the fire hall. Every effort is being made to finish these drains now under way before the severe weather comes.

## THRESHER SUFFOCATED

(Regina Standard)  
The death of T. A. Sullivan, and the partial suffocation of six of his companions, was caused by the escape of gas from a "Dutch oven" at the farm of Andrew Wolbaum, near Selkirk, on Friday.

The deceased was a member of the threshing gang of A. P. Ferguson. The gang was threshing at the farm of Andrew Wolbaum, and seven men were sleeping in the room where the oven was built. The house, which is a mud structure, has the oven built into the wall, the only ventilation being through the chimney and door. The stove was filled up with the customary fuel, dried manure. Sarah Wolbaum, a member of the household, turned off the draught in the chimney, thus turning all the gas into the room instead of out of the pipes. The result was that about ten o'clock, one of the men felt drowsy. He, however, was able to discern the heavy breathing and groaning of Sullivan, and suggested that he should get up and walk around a bit. Sullivan paid no attention, and the man who first woke arose to light a lamp. As he rose to his feet he was overcome with the gas and fell. A second man attempted to rise to open the door, but he also fell, only partially succeeding in his object. The opening of the door, however, relieved the atmosphere, and one of the men arose. He threw cold water over his companions and lighted the lamp. All were now aroused, but Sullivan, who, upon examination, was found to be dead.

## POLITICAL POINTERS

The Calgary Herald recently had an article on "Natural Gas". And why not? The Herald is an expert on that line.

A Calgary preacher last Sunday in a discourse on "The Christian in Politics" referred to the newspapers that "print lies about opposing leaders in time of elections", and the Calgary Herald is up in arms about the reference. It's always the dog that gets the brick that makes the howl.

William E. Curtis of the Chicago Board-Herald, one of the brightest newspaper writers of the United States has been in the West recently, writing up the progress and prosperity of this country, and from the standpoint of an outsider, has been stating up the political situation. Mr. Curtis is an old hand at testing political bubbles, and his estimate of the conditions that exist in the West are exceedingly accurate. He says: "There is an interesting political question involved in this invasion. It takes only three years for a new-comer to secure a vote in Canada, and it is estimated that not less than 75,000 American settlers will have become naturalized and will be entitled to suffrage next month, when the first elections occur in the new provinces of Alberta and Saskatchewan. It is also estimated that next year 150,000 more Americans will be entitled to vote in Canada; and without the next generation the American vote may control the politics of Western Canada. Fortunately, however, politicians do not emigrate, but every American who enters knows his right of citizenship. It is confidently expected that the larger part of the American immigrants will vote the Liberal ticket."

Mr. Curtis has no axe to grind in this matter, and has figured out the situation as any intelligent English or American writer should. He knows that no sectarian political appeal to the people was ever successful; he knows that the Americans have no sympathy with the similar campaign which was tried and failed in their own country years and years ago; and he knows also that an American can see through a wire fence just as far as the people of any other nationality. Mr. Curtis hasn't travelled through the West with blinkers on.

## THIRD CANDIDATE OUT

Edmonton, Oct. 27th, 1905.  
To the editor of the Bulletin,  
Edmonton, Alta.

Dear Sir: I have been approached by a strong delegation of electors of the District of Sturgeon River to run as a candidate in the next general election.

I have always been and am still a straight Liberal and I hesitate long before accepting the nomination, for fear that a three-cornered fight might result in the Liberals losing the district.

After going through the district, however, and meeting with a strong and effective support, I am convinced that the number of my supporters is sufficient to secure my election and to make the seat still safe for the Government.

I will run therefore as a straight Liberal for the said district and I thank you for the privilege given me of making my position clear to the public. Yours truly,  
OMER ST. GERMAIN.

## FORT SASKATCHEWAN RIFLE ASSOCIATION

## TO INSPECT THE LINE

Minister of Railways Will Traverse the Saskatchewan Valley to Edmonton

Winnipeg Free Press: Hon. Henry R. Emmerson, minister of railways and canals in the Dominion Government arrived in the city this morning from the south accompanied by Mr. and Mrs. F. A. Deacon, of Toronto; Mr. and Mrs. J. H. Hickman, of his native province, and his secretary, Mr. Payne. The party are travelling in the government official car 109. They will remain in the city until Wednesday, and while here will be guests at the Corona hotel.

To a Free Press representative, who called on him this morning, Mr. Emmerson stated that the object of his visit was to personally look into certain questions affecting the Canadian Northern Railway in the west, and also the matter of Winnipeg terminals for the Grand Trunk Pacific. He also desires to secure information first hand concerning the route of the G. T. P. "I am familiar with the situation in a general way," said the minister, "but you people in the west are making such giant strides that I feel it is desirable to get in direct touch with developments in order that questions that may arise affecting my department may be dealt with intelligently and promptly."

In order to carry out his plans of inquiry and observation Mr. Emmerson will go over the Canadian Northern line as far as Warman, thence to Saskatoon, and then to Prince Albert. Returning from Prince Albert he will resume his journey on the C. N. R. to Battleford and from there will go over that portion of the line now under construction to the end of the track, driving from that point to Edmonton. From Edmonton he will go to the Pacific coast to look into some railway matters in that Province speaking of the Pacific coast terminals of the Grand Trunk Pacific Mr. Emmerson stated that as far as the Dominion Government knew no place had been selected. If an arrangement had been effected between the British Columbia government and the G. T. P. railway company it had not yet been submitted to the governor-general-in-council for approval, as it must be. He had not seen the newspaper reports stating that such an agreement had been made for a terminus on Koch Island in Tuck's Inlet, south of Port Simpson; but it was not improbable that any arrangement now made by the company would be deemed to be in the interests of the public. Mr. Emmerson said it was his intention to visit Port Simpson while on the coast if the weather conditions were favorable for the journey.

With regard to the time for completing the road Mr. Emmerson said that both the Government and the company hoped that the line between Fort William and Edmonton would be ready to assist in transporting the crop of 1907 to the lake front. If this were not accomplished it certainly would not be on account of the lack of energetic effort.

With respect to the Winnipeg terminals of the Grand Trunk Pacific Mr. Emmerson said it was a question that demanded the utmost consideration. While it was probably desirable in many ways to have a union depot with one or other of the companies now established here, it was also very important that the government should be in a position of control because in the event of the G. T. P. passing into the hands of the government it would be rather ludicrous for the government to find themselves at the mercy of a private corporation.

Mrs. Deacon, who forms one of Mr. Emmerson's party, is his daughter.

## NEW LINE TO EDMONTON

Winnipeg, Oct. 25.—James Kent, general manager of the C.P.R. telegraphs accompanied by B. S. Jenkins, general superintendent of Western lines, and W. J. Camp, electrical engineer of the department of telegraphs returned yesterday from the West after inspecting the lines of the company. On account of the great extent of the country now covered by the system, detailed examinations of all portions was impossible.

"We visited growing cities of the West," said Mr. Kent, "taking up the question of extensions to be made in lines of the company next year. The only decision reached during our absence was that a new line was to be added at once between Calgary and Edmonton. This will be strung as soon as our employees can complete the work. We have been constantly adding to our mileage during the past summer and completed about 25.0 miles of new connections. It is the purpose of the company to keep up with the development of the West and wires are put in as soon as the population of the country warrants it. We have erected many hundreds of miles of wire each year for a number of years past and with undiminished intention to do so in the future. Just where new lines of next year will be laid has not yet been decided."

## FOR HOSPITAL IMPROVEMENTS

Winnipeg, Oct. 25.—At the civic finance committee yesterday the aldermen decided to submit to the rate payers a by-law to raise \$100,000 to be used for the Winnipeg General Hospital for extensions and improvements in the hospital building.

DEPARTMENT OF INDIAN AFFAIRS

## Tenders For Flour

SEALED TENDERS endorsed "Tenders for Flour," and addressed to the undersigned, will be received up to noon of October 30th, 1905, for delivery on or before the 15th November next, of the undermentioned quantities of flour, or any portion thereof, at the points named here-in, together with such further quantities as may be required during the fiscal year ending the 30th June, 1906. Flour to be equal to the 15th November sample which may be viewed in the Department of Indian Affairs at Ottawa, the Indian Commissioners' Office at Winnipeg, the Indian Agent's Office at Battleford, Duck Lake and Birtle respectively, the office of the Inspector of Indian Agencies at Portage la Prairie, and at the Dominion Lands Office at Brandon, Regina, Calgary, Edmonton, Prince Albert, and Yorkton; to be fresh ground, put up in sacks containing 100 lbs. net, and double sacked. The inner sack to be of grey cotton, three layers to the pound, free from dressing, and to weigh six pounds when made up; the outer sack to be of jute, woven with strong twine and to weigh fourteen ounces, sack known to the trade as "avo bushel bag," the outer sack to be legibly branded with name of its manufacturer, and net weight of flour within.

Each tender must be accompanied by an accepted cheque in favour of the Secretary of the Department of Indian Affairs on a Canadian Bank, for at least five per cent. of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract based on such tender when called upon to do so, or if he fails to complete the work contracted for.

## SOME MEN ARE RICH

In Edmonton today because they had foresight enough two or three years ago to buy property which, as the city grew, advanced rapidly in value. Some of them were laughed at—people called them fools—but two short years have abundantly proved the correctness of their judgment, and they are reaping the reward of their faith in the city.

The growth of the city during the past two or three years has been great, but, compared with the growth of the next two or three years it will be but as the dawn of day, compared with the splendor of the noon-day sun.

You have the opportunity now to do as some few did in the past.

## The Groat Estate

is now on the market at prices which will look small—very small, indeed—in the very near future. The city is growing westward rapidly and ere long this estate will be the choicest residential part. No part of this estate is more than two miles from the very centre of Edmonton today—in five years it will be in the very heart of the city.

There are 500 lots—50 x 150 ft.—to be sold on easy terms—one-third cash, and the balance in six and twelve months, without interest. There will be no taxes to pay for over a year.

## History Repeats Itself

You can buy from two to ten lots for the same money which it will take to purchase one in the present settled part of the city. Those who sow a few dollars now will reap a rich harvest in the not-far-distant future. Don't miss the chance now—TODAY—and have to say in a year: "What a fool I was that I didn't purchase a year ago." Somebody is going to make money on this estate—why not have a share of it?

**LOCAL**  
—Bishop Pinkham will formerly open St. Paul's mission tomorrow evening.

—Rev. John Reekie will conduct the services in the Presbyterian church tomorrow, both morning and evening.

—Fifth street south between Victoria and McKay which was recently boulevarded, is again being torn up to lay the water pipes and sewers.

—A mass meeting of men will be held in McDougall Methodist church Sunday, Oct. 29th, at 4 o'clock. Mr. Parson, Y.M.C.A. travelling secretary will address the meeting.

—The Bellamy Co. expect to move into their new premises on the corner of Rice and Howard streets the beginning of the week. Their old quarters on the corner of McDougall street and Jasper avenue will be occupied by Potter and McDougall on the corner, and E. J. Taylor, contractor and builder has taken the other half. The place is being remodelled and plate glass windows put in the front.

—Services will be held in All Saint's church tomorrow. The church has recently been remodelled and decorated. The morning service will be conducted by Bishop Pinkham of Calgary and the evening by Dean Paget also of Calgary. Three memorial windows will be placed in the church very soon and several other fixtures and decorations which have not yet arrived. The new pipe organ will not arrive until spring.

—Mr. J. R. Barnhouse of Wild Horse Valley, on the Pembina River is in the city. There are nine families in the Valley, Americans from Montana. They went in last fall and are very pleased with their prospects, the soil being a sandy loam and very fertile. They think it is the finest section of Alberta and will be earlier than this district by two weeks. The G. T. P. survey runs through the valley and the country will soon be settled. Mr. Barnhouse has a nugget of gold taken from the Pembina, valued at \$15.00. At Zion P.O. he saw a cabbage that weighed 35 pounds. Mr. Mejeau had a crop of wheat averaging 50 bushels to the acre and oats 40, potatoes and turnips being a splendid sample.

#### RIFLE MATCHES

Second Annual Matches of Combined Associations Held on the Ranges Yesterday.

The second annual series of matches of the combined Edmonton and Strathcona Rifle Association was held on the range on Thursday, Thanksgiving Day, according to program advertised.

The weather conditions were unfavorable for high scoring as the thermometer registered considerably below freezing point at the opening of the matches, although moderating a little later on. Added to which the sky was heavily overcast with occasional falls of snow, which at times became quite heavy, seriously handicapping those who had to shoot through such furies. Then the sun occasionally broke through for a few minutes making such sudden changes of light that it was at times difficult for even experienced riflemen to keep on the target, so that while some were favored by fairly good conditions of weather and light, others seemed to have struck a streak of ill-luck in both particulars and had difficulty in making even passable scores, and their scores represent work capable of producing much better results under more favorable conditions.

In spite of the weather about twenty-five enthusiastic riflemen entered the various events and remained until the last shot was fired and the results known.
